A single pyramid is built with 2.300.000 blocks, each weighing an average of two and a half tones. In the face of such immensity, one cannot help but feel the wonder and awe that so many writers and artists have sought to convey over the centuries. **The Cheops Pyramid** is more interesting, because its interior burial chambers are open for inspection by the public. Not far from the Pyramids is the **Great Sphinx** of Giza, which dates from the time of Chephren (2620 BC). Hewn from natural yellowish limestone and standing 65 feet-high and 187 feet-long, this unforgettable statue combines the head of a Pharaoh with a lion's body. A quick visit to papyrus institute or a perfume shop can be arranged after the visit. Then drive to the hotel to refresh & check out.

Lunch will be served in an oriental/Indian/Chinese restaurant (not included) and then drive to the Egyptian Museum for another unforgettable tour.

Egyptian Museum; was established by the Egyptian government in 1835. The present museum building was built in 1900, in the new classical style by the French architect Marcel Dourgnon. The museum exhibited collections now exceed 120,000 objects ranges from pre-historic era to the Greco Roman period. It has 107 halls, and the ground floor houses huge statues. The upper floor houses small statues, jewels, Tutankhamen treasures. The museum also comprises of a photography section and large library.

After the visit of the museum a short drive through the downtown will take you to **Khan El Khalili bazaars**; which is one of the most famous worldwide with its amazing narrow alleyways. The visitor can discover small restaurants and workaday cafes where Egyptians & non-Egyptians come to smoke water pipes and enjoy some of the traditional Egyptian drinks in the cafes scattered around the area.
